Re:

Stickney/Tyler & XXKEM sites

Toledo, Ohio

Dear Ms. Estes

Please be advised that for the last 10 years our solid waste has been picked up by BFI and disposed at the Lorain or Medina landfill. A letter from BFI is attached attesting to this fact.

Prior to that time, our solid waste was hauled by Flight Refuse to the Akron Recycling Center.

Since we are located in Medina County, perhaps you have our company mixed up with Sharon Mfg. Company of Lambertville, Michigan. This has happened before on several matters, one being a workmen's compensation claim and the other being related to the Dura Avenue Landfill in Toledo, Ohio.

It would be appreciated if you could correct your records and remove our name from this legal proceeding. Please advise in writing. In the interim, I will consider this matter closed.

Sincerely,

SHARON MFG., INC

Sharon Manufacturing 6867 Ridge Rd. P.O. Box 119 Sharon Center, OH 44274-0119 Attn: Jerry Kostelny

Dear Mr. Kostelny,

Referencing our conversation today. BFI started hauling your trash (solid waste) on October 21, 1989, at that time we hauled your trash to our Lorain County Landfill located at 43650 Route 20 Fast, in Oberlin, Ohio, (440) 774-3100.

We have always hauled your trash through our BFI 250 district located at 40195 Butternut Ridge Rd., in Elyria, Ohio. In July of 1993 because of flow control BFI Elyria started hauling solid waste to the Medina County CPF located at 8700 Lake Rd., in Seville, Ohio.

BFI Elyria has never hauled your trash to a Toledo facility or anything to Lucas County.

Please don't hesitate to contact me if you need any more information.

Sincerely,

Joannie Neff
